

CarpooltoSchool.com streamlines user interface – making it easier than ever to find a match and schedule school pools online

It's easier than ever to use carpooltoschool.com – our latest feature release includes a host of features specifically designed to assist in carpool organization and scheduling. Here's some of what's new:

- CarpooltoSchool.com find a friend. For those who already have carpool partners, Carpooltoschool.com makes it easy to find them and add them to a school pool network.
- New School Pool dashboard. Find matches, view your calendar, and schedule school pools all from one screen.
- Environmental impact statistics. Through an easy to view statistical dashboard, users can now track vehicle miles eliminated, money saved, and CO2 emissions reduced as a result of their scheduled carpools
- And much more.
