*Head-Royce School joins the growing community of schools offering online carpool matching and calendaring to their parent community.*

**Santa Cruz, CA – September 14, 2009** – Head-Royce School is pleased to announce that they have become a member of the growing CarpooltoSchool.com network. Now parents at Head-Royce School who wish to start or join a carpool, can get online support at our exclusive carpool website, <https://headroyce.carpooltoschool.com>. Powered by CarpooltoSchool.com, the site gives parents a safe, easy way to organize transportation to and from school.

CarpooltoSchool.com's intuitive interface makes planning carpools easy and convenient. Features include: a private matching service integrated with Google maps, quick carpool calendaring, and built-in text messaging to remind parents when it's their turn to drive.

The site gives parents the ability to organize and view daily carpools and provides a *Bulletin Board* where teachers and administrators can make special announcements to carpooling parents.

"We are pleased to work with CarpooltoSchool.com as part of our larger effort to help Head-Royce become a model green school," says Head of School, Paul Chapman. "We are especially eager to reduce our carbon footprint and know that the most cost effective way to do this is by reducing the number of vehicles traveling to school on a daily basis."
